

ELHAM HERAVI

Full Stack Web Developer With Javascript

My motivation and passion for programming are driven by the pride that every line of code I write is for the sole benefit of the person who uses that product and makes their life better!!!

I hope that the work that I do not only enriches the lives of others but allows me to build on my own experiences. knowledgeable in react.js and node.js. Passionate for learning devops, automating everything and writing scripts for any repeated job, testing, and monitoring them.
